COMPANY

MISSION, MOTO & VISION

OUR MISSION

To provide cutting-edge, high-quality, and innovative solutions and services to our clients, helping them work toward a better world.

OUR MOTO

Excellence is at the heart of everything we do.

OUR VISION

To be the leading organization that supports the development and strengthening of pro-inclusive institutions, striving for the socio-economic well-being of all.

CORE VALUES

HIMAT CONSULTING PRIVATE LIMITED (HCPL) is a reliable and trusted company providing an array of services from programme design to impact evaluation.

EXCELLENCE

We strive to produce the best products and deliver the very best services contextualized within our approach and processes.

COLLABORATION

We believe in the value of working with others. To produce meaningful outputs, we collaborate with our partners, experts, specialists & institutions from all relevant fields in compliance with our guidelines.

GRIT

We choose to embrace challenges, innovate & continuously improve. We define grit as a combination of factors such as passion, resilience, determination & focus. Grit enables us to maintain the discipline and optimism to persevere in the face of challenges.

INCLUSIVITY

We pursue creation by harnessing human diversity and different viewpoints. We nurture and embrace differing perspectives to make informed decisions and recognize biases and work to grow past them.

INTEGRITY

We treat every individual & organization with the highest degree of respect and strive to live and act according to the highest standards of ethics.

CURIOSITY

We believe learning never stops, whether that means being inquisitive, listening without judgment, or learning from anywhere. We learn from our work and each other. We ask why, search and participate.

CORE COMPETENCIES

We have a dedicated team of highly experienced and talented experts in the following domains:

PROGRAM DEVELOPMENT

We develop a range of humanitarian and development programs specific to the needs of the local community and context of the areas.

ASSESSMENT & EVALUATION

We provide contextual analysis, need assessment, baseline, midterm, end-line, outcome mapping and impact evaluation.

THIRD PARTY MONITORING

We offer monitoring services for the humanitarian sector by providing valuable feedback through a systematic process of collecting, analyzing, and validating independent project outcomes.

ORGANIZATIONAL ASSESSMENT

We excel in the facilitation of organization self-capacity assessment and capacity strengthening planning accordingly.

CAPACITY BUILDING

We offer capacity building in Human Resource Management, Monitoring, Evaluation, Accountability, and Learning, and Knowledge Management.

INCLUSIVE PROGRAMMING

We provide inclusive programming and systems catering to the need of the most marginalized or vulnerable population including children, women, persons with disability & transgender community.

CLIMATE CHANGE & DISASTER RISK MANAGEMENT

We assess climate change risk, preparedness, mitigation, and promote adaption of climate smart solutions.

WEB DEVELOPMENT

We develop websites, design UX/UI, Content Management Systems, mobile applications, KoBo Tool Box, Open Data Kit, and online survey development tools.

OFFICE AUTOMATION

We provide services of complete office transformation by creating customized Enterprise Resource Planning solutions for our clients.

OUR PORTFOLIO

We at **HIMAT** combine the enthusiasm, energy and experience required to deliver true impact for our clients. We serve a diverse range of clients, including but not limited to government ministries and departments, NGOs, INGOs, and institutional donors such as the World Bank, the Asian Development Bank, and Islamic financial institutions. All of these clients are connected by a shared mission and commitment to making a positive change in society.

Founder & CEO

Himatullah

Founder & CEO

Himatullah is a seasoned professional with over 24 years of extensive experience in research, program evaluation (both quantitative and qualitative), and results-based monitoring and evaluation across multiple sectors in development and humanitarian settings. He has conducted over 100 operational research and evaluations of community-based development programs, encompassing areas such as child rights, social mobilization, education, protection, health and nutrition, emergency response, technical and vocational education, livelihoods, value chains, WASH, food security, and disaster risk reduction. Himatullah is the founder and Chief Executive Officer of HIMAT Consulting (Private) Limited, where he has successfully led a team of national and international consultants in completing over 80+ assignments for UN agencies, donor organizations, international NGOs, government departments, and NGOs. His leadership roles include being a core group member of emergency response teams for IRC, Concern Worldwide, and Save the Children, as well as leading M&E teams and technical working groups for various international alliances and consortia. With advanced skills in program management information systems, cost-benefit analysis, and program value for money, Himatullah is proficient in financial monitoring, forecasting, and the application of M&E guidelines from major international donors. He holds advanced certifications in evaluation and research, including specialized training in emergency preparedness, hostile environment training, and qualitative data analysis using MAXQDA. As an author and co-author of over 100 program evaluations and research reports, Himatullah's expertise is further endorsed by his memberships in prominent professional associations, such as the American Evaluation Association and the Sustainable International Development & Sustainability group. Since January 1, 2017, under his leadership, HIMAT Consulting has successfully completed 90 assignments for various prestigious clients like European Union, World Bank, Asian Development Bank, and many other national and international clients, solidifying his reputation as a leader in the field of monitoring and evaluation.

CORE TEAM

Umar Farooq

Program Manager

Umar Farooq is a seasoned development professional with over 14 years of experience in designing, implementing, and evaluating programs addressing child protection, gender-based violence (GBV), and humanitarian interventions in both emergency and development contexts. He has held pivotal roles with renowned international organizations such as Christian Blind Mission, Save the Children, International Rescue Committee, and World Vision International. Currently serving as Program Manager at HCPL, Umar brings strong technical expertise in evaluation and research methodologies, specializing in child protection and GBV programming. At HCPL, Umar has led evaluations for international prominent organizations contributing significantly to health, education, livelihoods, and humanitarian sectors in KP and Balochistan. Umar's leadership and collaborative approach with diverse stakeholders have been instrumental in driving positive impact and promoting the well-being of vulnerable populations. His extensive experience and dedication make him an invaluable asset in humanitarian interventions and GBV prevention and response efforts.
